Description:

The New York Times bestselling novel that inspired the major motion picture starring Tom Hardy and Noomi Rapace. In a country ruled by fear, no one is innocent. Stalin's Soviet Union is an official paradise, where citizens live free from crime and fear only one thing: the all-powerful state. Defending this system is idealistic security officer Leo Demidov, a war hero who believes in the iron fist of the law. But when a murderer starts to kill at will and Leo dares to investigate, the State's obedient servant finds himself demoted and exiled. Now, with only his wife at his side, Leo must fight to uncover shocking truths about a killer--and a country where crime doesn't exist.

I first saw the movie based on Child 44. Intrigued, I wanted to read the book. So glad I did--great story, lots of suspense, a real page turner. I enjoy historical fiction, because I want to learn something new as I'm enjoying a story. I was born before Stalin's death and grew up during the Cold War, a very fearful time I will remember as a child. Most students of history know about the horrid days of Stalin's USSR--but to really understand the terror, it takes a book that tells a story of realistic characters that flesh out what those times were really like. Child 44 is a book that does that well. I'll be purchasing the other two books in the series, knowing that the era of Nikita Khrushchev has begun at the end of Child 44. Highly recommend!!!
