Description:

Enter into the world of reading with My Very First I Can Read! This comprehensive emergent reading program addresses all the components of reading mastery based on the latest early literacy research. Written by educator and reading specialist Dr. Julie M. Wood, with lively illustrations

by Sebastien Braun, this Common Core-aligned program stars Tug the Pup and an endearing group of characters who will lead beginners through the proven steps for successful reading. The Learn to Read with Tug the Pup program features important Common Core State Standards connections, including sight word vocabulary, simple text, strong picture support, and character and plot development. The eleven short stories in box set one are Guided Reading Levels A-C, which means it's the perfect entry point for new readers, with simple and predictable stories. Each box set also comes with reward stickers and a Parents Guide that provides hours of additional reading activities.

The Bob books do a much better job of easing a child into reading and I would recommend 'Beginning Readers' and 'Advancing Beginners' to start and suggest picking this up later
