About Lonely Planet: Since 1973, Lonely Planet has become the world's leading travel media company with guidebooks to every destination, an award-winning website, mobile and digital travel products, and a dedicated traveler community. Lonely Planet covers must-see spots but also enables curious travelers to get off beaten paths to understand more of the culture of the places in which they find themselves.

I've almost always been happy with Lonely Planet guides for destinations all over the world, but I found this one to be somewhat lacking. My primary complaint is that, while it includes a great deal of information about specific restaurants and hotels/resorts, it lacks detail about things to do and see, which, of course, is why people go there in the first place. I was particularly disappointed by the very brief attention it gives to the numerous adventure parks in the area. Still, it's better than nothing, and the selection of travel guides for this region seems very sparse for some reason.
